Re: United States v. McDonald and Jennings
Destruction of Evidence:

Dear Mssrs Murtagh and Fleischer:

The FBI would like to get rid of the rest of the material taken in the search warrant of the rental car. The bulk of it consists of identification documents, license plates, brochures, some check books and other miscellaneous material. I plan to apply for an order to destroy all of it. If your clients would like any of it back, or you would like to review it again to determine if there is anything your clients would like, would you please make an appointment with Special Agent Chad Joy of the FBI to review the material.

Also would you let me know if you will nonoppose a motion to destroy the material. I would like to file the motion sometime in the next 3 weeks so we can get rid of the material, so if you could let me know where you stand on this sometime in the next few weeks I would appreciate it.

Very truly yours,
